# Define Team Roles

## Directions

A successful team member has to know their strengths and weaknesses and be able to identify the ways to serve the team and help everyone reach their big goal. Use the chart below to help identify what everyone will do based on their likes and strengths.

## Part 2

1. You may have noticed that different people on your team have different interests and skills. Think about who is interested in contributing to or leading different tasks.

2. Refer to the above tasks and discuss what role each team member will fill to complete your team’s action plan.

Use the chart below to define and explain each role. Circle the tasks that are yours and use the chart below to have a list of everyone’s role.

| Team Member | Role | Explanation of Duties (Summary of tasks in previous chart) |
|-------------|------|--|
|             |      |  |
|             |      |  |
|             |      |  |
|             |      |  |
|             |      |  |
|             |      |  |

Once you have worked with your team to define individual roles, think about your tasks and how you feel about them.
